

Department Physics

Programme Outcome

POs	Physics Specific Outcomes
PO1	To make students aware of basic principles,laws and Mathematical analysis of various concepts in physics.
PO2	To explain various theories behind various phenomenon of nature and universe.
PO3	To make students understand working, working principle of various devices,electric circuits,electronic circuits used in today's world.
PO4	To inculcate scientific temper and encourage contribution in scientific development.
PO5	To impart basic training through practical on various electric,electronic,digital and mechanical devices.
PO6	To encourage Innovative ideas through Projects based on theories ,concepts and practical by students.
PO7	To encourage students for research in Physics and take up career in Scientific research of national and International importance.
